

SARA KALAN

SOFTWARE ENGINEERING STUDENT

SUMMARY

Software Engineering student with a solid foundation in algorithms, data structures, and software development. I adapt quickly to new technologies and place great importance on continuous learning and self-improvement. During my internship, I aim to strengthen my technical knowledge and gain hands-on experience by contributing to real-world projects.

EDUCATION

Haliç University

Software Engineering
(English Program)

2022-present

TECHNICAL SKILLS

- Python
- JAVA
- C++
- Dart
- SQL
- HTML CSS

LANGUAGES

- English
B2 level

EXPERIENCE

INTERN – Aiksir Programming

July 2025 – August 2025

During my internship, I developed AI-powered backend services using FastAPI and designed integrated systems with SQLite databases. I actively contributed to processing data received via APIs, storing it in the database, and enabling dynamic querying. I gained hands-on experience in integrating AI models into backend systems and implementing database-supported decision-making mechanisms.
